

Care Entrée, through contracts with two of the country's premier dental networks, offers you and your family savings of up to 80% on routine dental care. Throughout most of the country a comprehensive oral exam costs as little as \$10! You'll also save 30% to 50% on most major dental work such as crowns, root canals, periodontal work, etc. Many members

find that their dental work often costs less under the Care Entrée program than what they have to pay with a dental insurance policy! The program also offers substantial savings on orthodontia work so you won't have to keep putting off braces for the kids. Best of all, there are no restrictions or limitations...you can use the program as often as you need without worrying about annual maximums, waiting periods or pre-existing conditions.

You will receive savings of up to 70% on prescription eyeglasses, mail order contact lenses, eye exams and nonprescription sunglasses.

Whether you require brand name or generic drugs, Care Entrée's prescription program will help you save up to 40% on your prescriptions, including many drugs excluded from existing insurance programs, such as:

- Smoking-Cessation Drugs
- Weight Loss Medications
- Insulin & Syringes
- Anti-Anxiety Agents

You will receive savings from many of the most well known pharmacies nationwide, such as Walgreens, Eckerds, Albertsons, Randalls, Kmart, Publix, Grand Union, Safeway, Drug Emporium, Winn Dixie, Kroger, Medicine Shoppe, HY-VEE, and many more.

Time has proven the effectiveness of chiropractic treatment, yet many insurance companies still refuse to cover such services. If you utilize these services, you will be pleased with the savings. Our contracted network, with over 11,500 chiropractors nationwide offers 30% savings on chiropractic services and 50% on x-rays (except in the state of Colorado).

If you are a new parent, or you are responsible for someone else's care, or you have an elderly member in your family with special needs, etc., you know the fear of uncertainty in the middle of the night. Care Entrée answers this concern with a Toll Free 24-Hour Health Hotline.

Utilizing state-of-the-art software, highly experienced Registered Nurses help you understand the urgency of a situation. They can help you determine if you need to go to the hospital, or whether less expensive options will help resolve the issue. Or you can refer to an audio library of over 1,200 prerecorded medical related topics for advice and health tips from A to Z.

This service is available 24 hours a day, 365 days a year.
